### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marianne Fuierer on May 24, 2005.

On line 1 of claim 7, the phrase "the sample vessel" was changed to --each sample vessel--.

At the end of line 3 in claim 8, the word --and-- was inserted after the semicolon.

On line 2 of claim 13, the phrase "of the bottom of said sample vessel" was changed to --within said sample vessel--.

2. The following is an examiner's statement of reasons for allowance: Application serial no. 09/913,575 is being allowed in view of the translation of the priority document filed on May 13, 2005, and since none of the prior art of record teaches or fairly suggests a device and method for performing fluorescence correlation spectroscopy comprising the steps of providing at least two sample vessels in a sample holder, each vessel having a reflection-coated bottom, a transparent medium in each sample vessel and a common cover for both the sample vessels that is transparent to light, and impinging light rays upon the transparent medium located within each sample vessel, wherein the impinging light rays are reflected and focused by the reflection-coated bottoms of the sample vessels to a focal point within the sample vessels. Specifically,

none of the prior art of record teaches or fairly suggests a sample vessel having a reflection-coated bottom therein that serves to focus a light beam to a focal point located within the sample vessel. The prior art of record teaches of sample vessels that reflect an impinging light beam to a location outside of the sample vessel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
